SEPTEMBER NEWSLETTER

It has already been a month since school started! Updates: There is an ironman race September 17th! Freshman football is starting again and they have games on Thursdays so go and support our HHS Tigers! Freshman students get in free when you show your student ID.

We had spirit week this past week and if you have any pictures of you or your friends dressing up please send us the pictures at reuben.wadsworth@washk12.org or tag us on Instagram @hmsyearbook2022

Don't forget: Aspire to Inspire!

Welcome HMS New Teachers!

Mrs. Adams

By: Izabella Hoover

Alyssa Adams is a new teacher here at HMS. She is 5'1" and teaches both 8th and 9th grade. She graduated from Dixie State University and Western Governor's University. She wanted to teach because she likes to work with kids and watch the progress.

Mrs. Adams is married to Raymond Adams and they have no kids. Something interesting about her is that she was going to be a piano major but didn't want to spend the rest of her life in a studio and the day of her piano test she also had her blackbelt test for karate and broke both her wrists and played the piano with splints on her wrist. Mrs. Adams has three siblings and her favorite quote is: "Kindness is not weakness."

Brother Hirschi

By: Corban Beutler

You may know how to play the piano or violin. Maybe you play the cello or a brass instrument, but can you play the radio? If anybody can, it's the specialist of seminary, Bro. Hirschi. Once he tried out the trumpet & drums, he no longer had an interest for instruments, & as if on cue, the radio rocked its way into his life. He played football, basketball, and baseball during his school years & loved being greeted at the bench by an ice cold bottle of orange gatorade. He is currently writing a history of Hurricane basketball. He even played on the 1982 State championship basketball team. After graduating from Hurricane High in 1983, he served a mission in London, England. Just as his last name states, he has a love for Hershey's chocolate.

He also has a passion for his mother & wife's enchiladas. After returning from his mission, he received his Associates at Dixie State, Bachelors at Weber State, Masters at North Arizona University, & his PHD at Utah State. Bro. Hirschi has always loved teaching. He taught 8 years in Snowflake, Arizona, 4 in Logan, Utah, 2 at the Dixie Seminary, 11 at the Hurricane Seminary, 6 at the St. George Institute, & now here. That makes it his 32nd year teaching!

Apart from his teaching career, Bro. Hirschi enjoys spending time with his family & animals. He has five children and eleven grandchildren. They love going on family vacations every summer. One day, he hopes that one of them will be to Europe, where his ancestry originated from. Having lived in Hurricane most his life, Bro. Hirschi is a great candidate for City Council. He says that "With the current state that our community is in and the growth that it is experiencing, I feel that I can be a great help to the Hurricane Valley." So 9th graders, make sure you say hello to Bro. Hirschi when you're in his class, and 8th graders, you better look forward to seminary next year, because with the experience that Bro. Hirschi has, it promises to be one of the best years yet.

Fire Drill: What Can We Do Better?

By: Gracie Christiansen

Let's be honest, the fire drill isn't the funnest thing in the world. But it is important to know what to do if there is an actual fire. Some things we should improve on is lining up with our homeroom class faster. If you need help with that just look for the room number or your homeroom teacher. If anybody has Mr. Wadsworth for homeroom it really shouldn't be that hard to find the line. We also need to stay in a single file line so it's easier to count everybody.

We also shouldn't be running around and yelling at our friends across the parking lot. Seriously, we should probably act a little less crazy so it's easier for everyone to get to their homeroom and not be marked absent. Another thing is to walk on the sidewalk on our way to the lines so nobody gets hurt if cars come. These are things we should improve on during the fire drill so if the real thing happens we can all stay safe.

Twelfth Night Shakespeare Play

By: William Hardinger

Imagine seeing your long-lost twin after a very long time. The drama club is putting on a Shakespeare show called Twelfth Night. That is what happens in the story. Twins are lost at sea, Sebastian and Viola. Viola pretends to be a boy to survive. Sebastian is taken care of by a person who was on board. Then Viola, Sebastian, Olivia (The Duchess), and a pompous lord get in the most complicated love mess of the century. Come watch the show to find out how it ends. It will be performed on Oct 7,8,9 at

Mrs. Cox runs the show and also teaches 5 other classes within her 7 periods. She teaches film, theater foundations, debate, English, and workshop (technician play stuff.) She is excited to be here and wants to have a great time. She is happy for the opportunity to meet some students and make some great memories.

What is ROTC?

By: Kaylie Barclay

What is ROTC? Students can train as they learn. You can develop leadership skills and more. It doesn't mean you have to go into the army. It is a great way to learn more things and make a lot of friends. There are trips you can go on and you can sell things like chocolate and more.

There is other stuff you can do like color guard. Color Guard is a group of people that interpret the music that the marching band or drum and bugle corps is playing via the synchronized work of the flags, sabres, rifles, and the air blade. It is a great responsibility and you learn all new things. You even get to wear a uniform, which comes with a lot of responsibility.

This year's Cross Country

By: Sariah Nelson

Cross Country (XC) is a sport of long distance running. People who do it are training hard and running almost everyday. They have practices every week Monday through Friday. They do it after school and every once in a while, before school.

"I run/practice about twice everyday. We have a heat run after school and another practice at 5:30 am." Kaylee Melessa, member of the XC High School team informs. "Most people think we just run during the practices and yeah that's a lot of it, but we try to use at least one practice a week to do yoga or cross train like swimming or riding a bike."

Many different people do XC for many different reasons.

Gavin Burton, another member of the team, says "To keep in shape and hang out with friends" It's not all about running.. It's about making friends and beating your old times and trying to get better.

"I feel good like I'm getting out and doing something even though I can get a bit tired" said HMS 9th grader Payton Scott, "I'm looking forward to the race coming up, and beating my time."

There is a big Regionals Race coming up and everyone is preparing for it. These runners are working hard every day, each one doing their best.

Freshmen Volleyball

By: Austin Terry

There ain't no party like a tiger party because a tiger party don't stop!

Hurricane's freshman volleyball team is pumped up and ready to play this fall! From getting home at 2:30 AM from a volleyball match to wearing dresses during home games, these girls are fired up and ready to kick butt! The team members include Bailee Ashby, Stacia Leavenworth, Lexi Brunstead, Sophie Robinson, Kate Carter, Clarrisa Cluff, Lizzy Takauou, Austin Terry, Anna Lee, and Hallee Wardle, and Stephanie Holmes as the coach. Some freshmen such as Fattih Fuller, Kiley Kearney, Lizzy Horsely, Sophie Dutton, Kate Carter, and Khloee Wright play up with Sophomores.

"I feel like we have made a lot of improvement over the past few weeks, and I think we'll do great this volleyball season," stated the team's libero, Hallee Wardle. Anna

Lee, an outside hitter, replied, "I'm most excited about getting to know my teammates and growing with them."

Bailee Ashby, one of the captains for the team, said, "As a captain, I think it's important to me that I'm not leaving anyone out and when we make a mistake, I tell you guys what you could do and that you got it next time because to me that shows that I care that you guys do good. Along with Bailee, Kate Carter was voted as one of the freshman team captains.

Now, I have one last question. TIGERS ARE WHAT?!? RED HOT!

HHS Girls Tennis

By: Faith Fuller

This year, there are a variety of fall sports to choose from during the academic year 2021-22. Among them is tennis. Tennis, like many athletics, is a competitive sport that can be played in singles or doubles. A point is won when one player is unable to successfully return the ball without their opponent hitting it back.

Gavin Rahde, the head coach of this year's tennis team, and a cherished science teacher here at Hurricane Middle School informed us that he accepted four of our fellow

ninth-grade students.

When asked about his aspirations for this year, the coach replied, "I want to make sure each varsity tennis player makes it to state with a decent seed. I would like to make sure as well that I have prepped all the JV players to potentially take over varsity next year. Another main goal of mine is that every tennis player on the team [who] leaves the season [has] really enjoyed learning and playing, as well as wanting to play again next year."

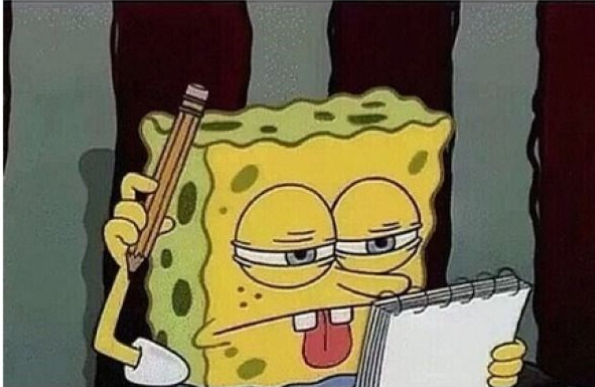

Upon being asked what makes this year's team special, he responded, "This year the team is

really unified. They help each other get better, which makes us function better as a whole. They are a really funny group of girls too."

Roxie Campbell, a 9th grader at HMS, agrees with her coach, by saying, "This year's team is special because everyone feels included thanks to the great team captains." She also added, "I hope to make it to state as a team because we have great team spirit." We all have inspirations in our lives, Roxie told us that she started playing tennis a year ago so she could be prepared for tryouts. She thanked her older sister for this, stating she was her inspiration, and her bully. Tennis matches are every Tuesday and Thursday, go watch and support our Hurricane High girls' tennis team!
