Strange Foods At Our School!

By: Avery Hadley

There are a lot of strange, gross things people eat, sometimes even willingly! What do you think is yummy? Maybe you enjoy Hawaiian pizza, onions and ice cream, or maybe even waffles and ketchup either way you'll find this fun and interesting! We put up a survey to see what kind of strange things kids in our school enjoy eating in their free time.

Kallie Simpson likes to eat apples, pickles, and cheese. Sophia Davis eats pizza and spaghetti together! She calls it Pighetti!

Liberty Hart eats ketchup and ice cream, now that's strange for sure!

Tayanna Beas eats hot Cheetos and milk like cereal.

Ever heard of mustard and carrots! Well now you have Patrisha Malachia enjoys eating this weird combination. Maybe try it for yourself, maybe you'll like it!

Kyla Cook enjoys cooking chicken and eating it with her ice cream! As you can tell there are a ton of strange foods people enjoy. What's your favorite?

What is the school Yearbook Theme

By: Jackson Smith

What Is the Yearbook Theme? That is what we asked HMS students. Let's see what they have to say. Jakki Simmerman in 9th grade answered "Dinosaurs."

Elliana Durrant and Aaron Malone in 9th grade guessed "Super Heroes", a fun thought. Kris Kringle in 9th grade guessed "CHRISTMAS", Wha, Hey! Who let this guy get in! Triston Mutchie in 8th grade suggested "Lot's of Facts", (Very Descriptive). Ella Perdue in 8th grade put "Outer Space" as a possibility. Dylan

Korn in 8th grade would like "Kermit the Frog" to be the theme. And finally, Tatiana Melton in 9th grade Gussed "Under the sea" as you can see. We loved all of your answers and wish we could include everyone's but there is just not enough room so we thank you all for your answers and now back to Elliot with sports.

(Alright Now, who let that nut case "Kris Kringle" in, I want to talk to my producer **NOW!** Kris Kringle, pfft)

How to Get a Girl

By: Emily Thomas

Have you ever wanted to get that special someone? We interviewed students at our school on how they would get a girl. "Go in for a kiss," Boston Johnson exclaims. That's an interesting point of view, just make sure they are ok with that. Mr. Fisher 8th grade the P.E. teacher says "Just wink at them and play hard to get." It could actually work, just don't make it creepy. Tatum Clifford explains, "Don't be an idiot and have basic human decency." guys don't be mean that won't help you get a girl.

"Try to be their bestie ♥" states Zack Peterson. That's a great idea guys don't rush into things. Savannah Rasmussen yearbook staff member says, "Make them feel appreciated and give them compliments often, just do the little things. But if they aren't giving you the treatment you deserve, don't try to stay with them." Boys take notes! Taylor

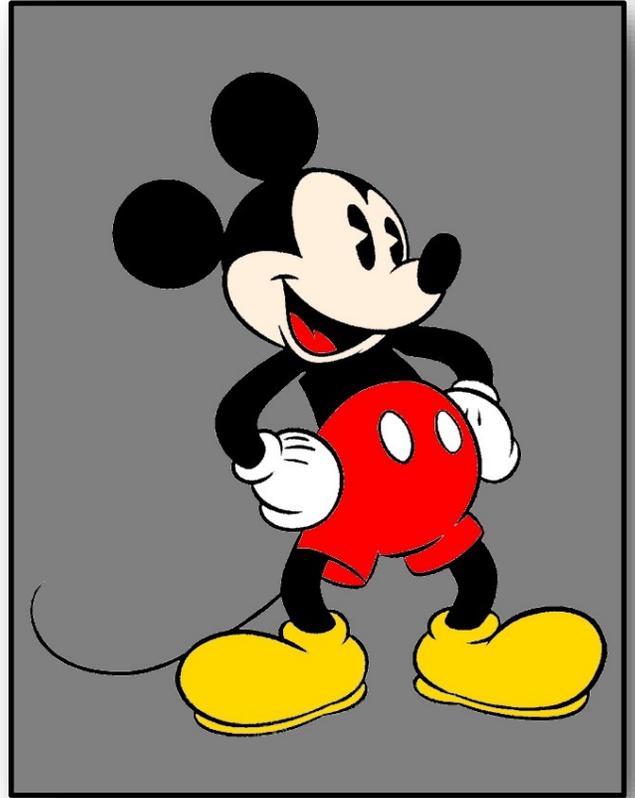

pierce clarifies, "Call them beautiful instead of hot." Guys there's a difference and it will affect how they feel about you. Overall, don't treat her like every other girl. Know what she likes and try to find some similar interests. Just don't move too fast ; it won't end well. That is how you get a girl.

Favorite Places to Hang-Out

Blakesley Vargas

Where do you like to hangout with friends? It could be at DQ, a park, anywhere really. Almost every friend group has a place where they like to goof around. Here are some favorites

“The DQ softball fields are my favorite place to hangout” (Ruby Seely 8th).

“My favorite place to hangout with friends is Dairy Queen” (Braya Richins 8th).

“My favorite place to goof around with my friends is probably Dairy Queen or Pick Me Up” (Liv Dunlop 8th).

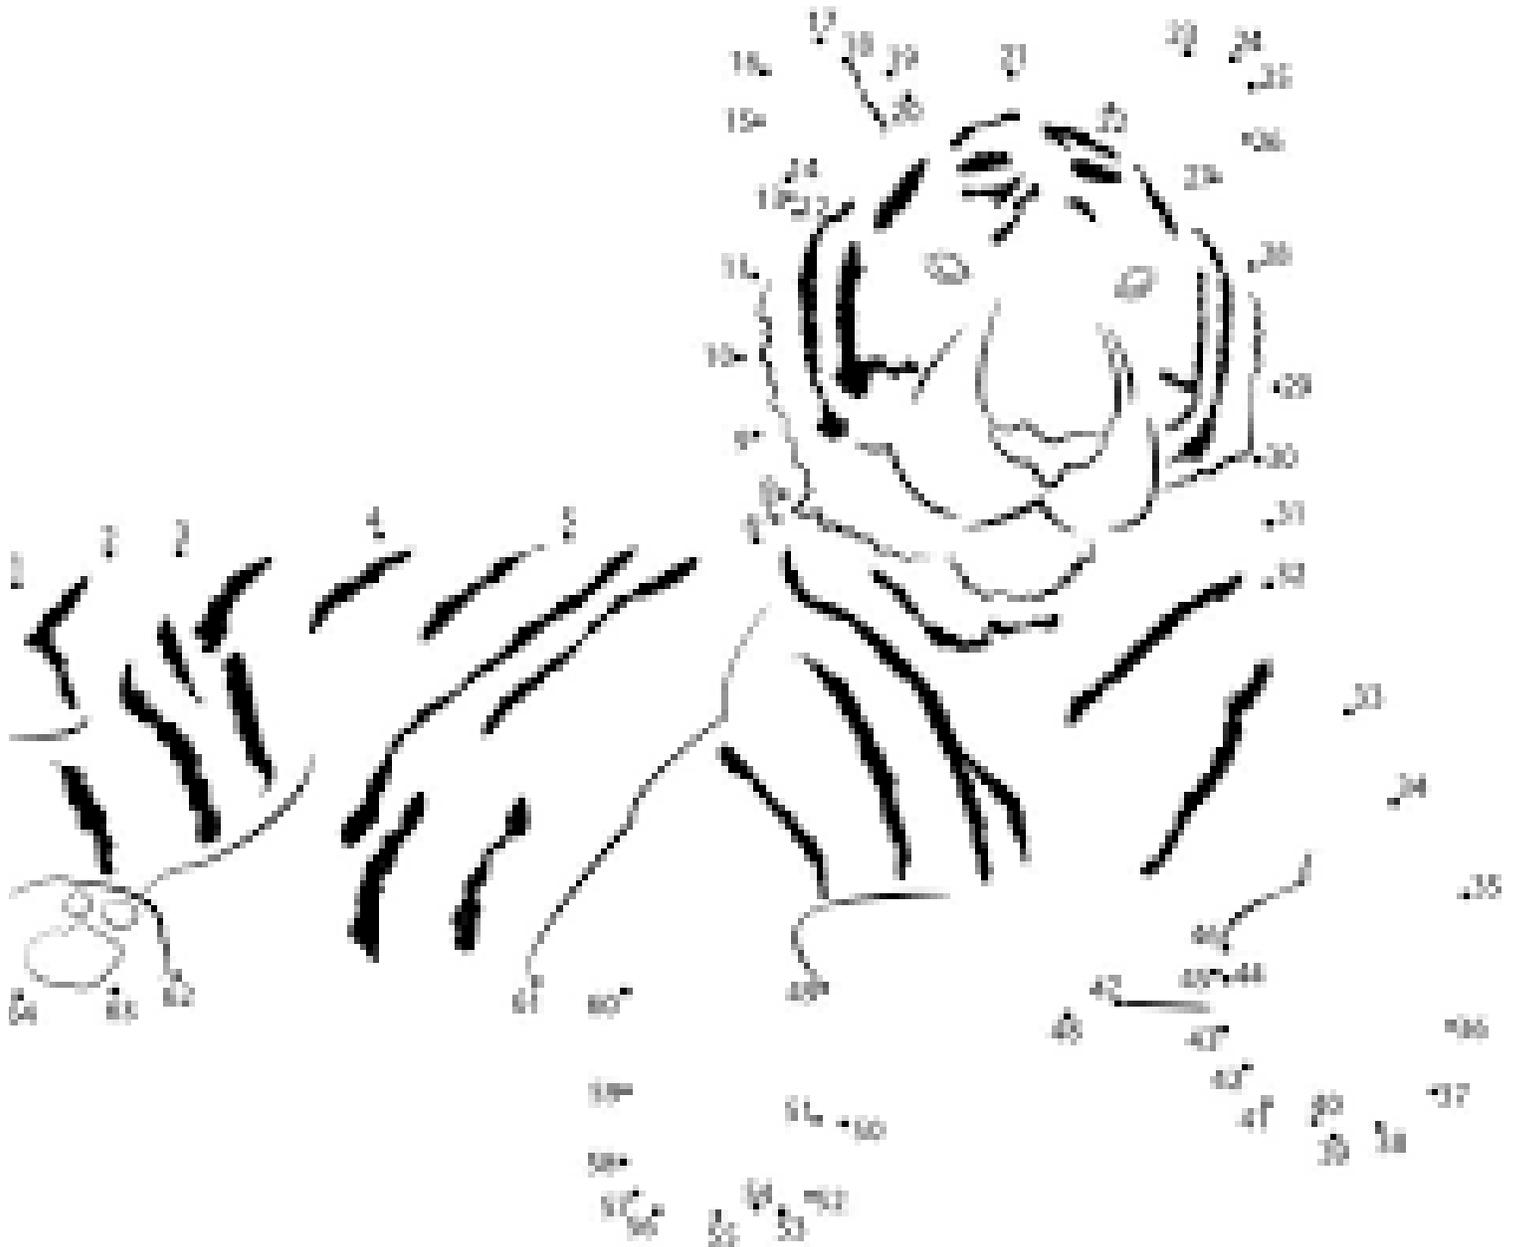

Overall, Dairy Queen, the DQ softball fields, and Pick Me

Up are some student favorites.

Most people go to Dairy Queen or Pick Me Up on Fridays after school to eat or get drinks, and just hangout. Those are some hangouts that you and your friends can enjoy.
